Kathy,

I've attached a picture of what I found using the coordinates for Ex. 6 Personal Privacy (PP) on Google Earth. It looks like you were right, there is no house there anymore, just a concrete slab. Also, below is a link to an obituary Ex. 6 Personal Privacy (PP). Hopefully this helps to confirm what you were looking for Kathy.

Kathy,

I haven't checked the GPS coordinates

Ex. 6 Personal Privacy (PP)

y **Ex. 6 Personal Privacy (PP)**

When Roger and I called the number, it said that the number has been disconnected.

Hopefully this clarifies some things. I'll check on the obituary and try to find an aerial photograph of the location of the coordinates to see if there's still a house there or not.

Good Morning,

I did follow up and check all the PT results we have for the **Ex. 6 Personal Privacy (PP)** residence well (NRDO Pre-HA) and there are indeed no PT results greater than 50 ppt, so no additional follow up is needed by AECOM based on the discussions from this morning's meeting. Kevin - I also wanted to confirm that for the **Ex. 6 Personal Privacy (PP)** residence (NRDO Pre-HA) you also found that there was no longer a house at that location when you look up the GPS coordinates or am I mistaken? I believe you did say that the phone number did not work and that you also found the obituary. Please clarify for me. Thank you.

Kathy

Good Evening,

Attached please find the updated Washington Works Phase III map and the Phase III Master Spreadsheet which provides the updated status of the various sampling programs. Thank you.
